

PERSONAL INFORMATION:-**NATIONALITY** : INDIAN**RELIGION** : JAIN (HINDU)**AGE** : 35 YEARS**DATE OF BIRTH** : 17TH MAY, 1987**GENDER** : FEMALE**LANGUAGES KNOWN:** ENGLISH, HINDI, GUJARATI AND MARATHI**MARITAL STATUS** : MARRIED**PROFESSIONAL EXPERIENCE:****1. InSync Analytics (Pvt) Ltd. (22nd March,2010 to 22nd September,2010) – Junior Analyst**

- ❖ Doing Financial (Consensus Modelling/Grids-Equities listed on NYSE, NASDAQ and LSE), Equity Valuations/Comparables and Business Research & also keeping a daily track of estimate changes of companies in different Sectors.
- ❖ Job profile includes creating and updating a variety of financial models. The primary work involves carrying out a brief research on the respective company on the basis of earnings reports, sec filings, etc. in order to create a mini model comprising the income statement and various key metrics of the company. Various research models created by the leading broker firms are used for calculating the future estimates. These models are then used by various investment bankers, hedge funds, etc. for their investment decisions.
- ❖ Other major assignments includes:
 - Assisted senior analysts in preparing in depth research reports.
 - Preparing full blown financial models which included estimating income statement, cash flow statement, balance sheet and revenue and cost drivers.
 - Handling client deliverables and communication.
 - Leading client specific teams and handling projects.
